# BACHELOR'S DEGREE PROGRAMME IN SOCIAL SERVICES CURRICULUM 2020

Completing a Bachelor's Degree in Social Services gives the student the competence to work in social care. A person who has completed the degree can apply for the right to work as a licensed social service professional (*sosionomi*) from the National Supervisory Authority for Welfare and Health (Valvira) (Section 8 of the Act on Social Welfare Professionals 817/2015). The Bachelor's Degree Programme in Social Services can include early childhood education or social pedagogical studies of at least 60 ECTS. In this case, the degree gives the competence to work in the position of a licensed social service professional (*sosionomi*) within early childhood education as referred to in section 27 of the Act on Early Childhood Education and Care (540/2018).

## SOCIAL SERVICES STUDIES

#### 210 ECTS

#### BASIC STUDIES:

Language and communication studies 11 ECTS, Orientation studies 2 ECTS

#### VOCATIONAL STUDIES:

Vocational studies 91 ECTS, professional specialisation studies 15 ECTS, first aid in social and church sector work 1 ECTS, work placement 55 ECTS

### ELECTIVES:

Additional professional competence 20 ECTS

## **THESIS 15 ECTS**

The social services studies comprise seven thematic sections divided into study modules. The thematic sections are:

- The basis of professional encounters and the service system 32 ECTS
- Inclusion and guidance 31 ECTS
- Variety of life paths and customer work 29 ECTS
- Applied and developing professionalism 30 ECTS
- Applied and developing expertise 31 ECTS
- Inclusive development 38 ECTS
- Critical social competence and advocacy 19 ECTS

The studies follow the Community-Based Participatory Research model (CBPR) where learning and assignments can be used to benefit the development needs in the working life.

	marginalised children and youth
	<ul> <li>are equipped to utilise volunteers and activists in diaconal work and promote participation and equality</li> </ul>
	<ul> <li>learn how to establish cooperation between the church (congregation) and social activities and actors</li> </ul>
	learn the perspectives and practices of diaconal response to crisis, such as a
	natural disasters, civil conflict, violence in local communities as well as in global contexts.
Contents	
	<ul> <li>Professional management</li> <li>Spirituality</li> <li>A diaconal planning strategy</li> <li>Working with volunteers</li> <li>Church and society relations</li> <li>Crisis readiness</li> </ul>

### KVS0002A20S ORIENTATION TO INTERNATIONAL EXCHANGE STUDIES 2 ECTS

#### Intended learning outcomes

### Students

- are ready to operate in a foreign culture
- master the processes of planning and executing an international exchange and the rights, responsibilities and obligations of a student
- know how to evaluate and consider health and safety-related questions of working abroad
- receive competence to work in an ethically sustainable international operating environment
- know how to reflect on their actions, cultural identity, prejudices and professional development in an international context.

### Core contents

- processes related to international exchange studies
- intercultural interaction and communication
- health and safety abroad
- ethically sustainable activities
- professional reflection
